

Bassenthwaite Group Fuel Order - Heating Oil

Bassenthwaite has a Group for ordering Kerosene heating oil with Allan Stobart's Lubricants and Fuels. If you are interested in becoming a member of the group please contact the groups coordinator Claire Webzell by email Clairewebzell1@gmail.com

Ordering as a group can provide savings of 1 – 2p per litre compared to the price for a normal delivery. The actual price depends on the total number of litres ordered by the group. The co-ordinator can nominate a week for the orders to be delivered, and Stobart's will manage the actual delivery days to ensure that the group achieves the best possible price for that week. The minimum drop per property is 500 litres.

Each member of the group must have an account with Allan Stobart's. All monies are dealt with via individual customers and Stobart's. Customers who occupy rented accommodation will be required by Stobart's to pay for their delivery by card before delivery. Please contact Stobart's directly for more account information and to set up an account [016974 76575](tel:01697476575) AdminOffice@allanstobart.co.uk

How it works in Bassenthwaite - any group member who needs oil contacts Claire and an email is sent round to all members to see who else might like to order fuel, information is collated and emailed to Stobart's. Usually fuel is delivered the following week. There is no charge for being a member of the group.
